

An Internship Report Of

Data Science Master

(Siemens Data Science Master)

Submitted to School of Computer Science and Engineering

IILM University, Greater Noida, U.P.

In partial fulfilment of the requirement of degree of **B-Tech (CSE)**

By

SHUSHANT TIWARI

Roll Number: 2410031232 | Batch: 2026-27

Declaration & Acknowledgement

Formal affirmations and expressions of gratitude

Candidate's Declaration

I, SHUSHANT TIWARI, do hereby declare that the internship report titled “Data Science Master” has been completed by me to fulfil the requirement for the award of the degree of Bachelor of Technology in Computer Science and Engineering. All the references have been quoted and I have not taken as such any material from any other source.

SHUSHANT TIWARI (Roll No.: 2410031232)

Acknowledgement

Professional Support

I would like to thank the AICTE – EduSkills Virtual Internship Program team and EduSkills Foundation for providing me the opportunity and the structured platform to learn and gain hands-on exposure in the domain of Data Science Master, supported by Siemens. I am thankful for their aspiring guidance and invaluable constructive criticism.

Academic & Personal Support

I am also thankful to my institute, IILM University, Greater Noida, and the faculty of the School of Computer Science and Engineering for their continuous support and encouragement throughout this work. Finally, I express my deepest gratitude to my parents for their endless blessings and support.

Completion Certificate and Offer Letter

Project Description

Overview, Objectives, and Methodologies

Introduction & Organization

Introduction

This 8-week Virtual Internship was undertaken under the AICTE – EduSkills Virtual Internship Program in "Data Science Master", supported by Siemens. It aimed to build a strong, industry-relevant foundation in data science, covering problem identification, data engineering, advanced data preparation, and enterprise-level platform administration.

Organization Profile

EduSkills Foundation is an ISO 9001:2015 certified organization working under "Nation Building Through Skills". Partnering with AICTE and Siemens Industry Software, the program utilizes the RapidMiner AI Hub platform to provide learners with practical, industry-standard exposure to the data science lifecycle.

Problem Statement & Scope

The Problem

Engineering students often lack structured exposure to the complete, end-to-end data science lifecycle used in the industry. This internship addressed the gap by implementing workflows using industry-standard tools.

Project Scope

The scope spans the entire pipeline—from identifying AI/ML business use cases, engineering data, building models, to deploying and administering solutions on the RapidMiner AI Hub in a virtual lab environment.

Key Project Objectives

- 🎯 **Identify Business Problems:** Find optimal use cases suitable for Artificial Intelligence and Machine Learning solutions.
- 💾 **Data Engineering:** Learn to access, load, transform, and calculate data for analysis-ready pipelines.
- 🧠 **Machine Learning:** Build both foundational and advanced machine learning skills for predictive modelling.
- 🔧 **Data Preparation:** Master advanced data handling, cleaning, and workflow automation techniques.
- 📦 **Deployment & Administration:** Deploy models for real-world use cases and configure/manage the RapidMiner AI Hub.

Technologies & Tools Used

Programming & Data

Python for core programming and data analysis.
Comprehensive tools for data access, loading, transformation, and calculations.

Machine Learning

Application of foundational and advanced ML techniques, model building, and advanced data handling with automation tools.

Platform & Deployment

RapidMiner AI Hub platform utilized for enterprise-level operations, alongside advanced model deployment and monitoring tools.

Internship Methodology (8-Week Plan)

Week	Module	Description
Week 1	Applications & Use Cases Prof.	Identifying business problems suitable for AI and ML applications.
Week 2	Data Engineering Professional	Accessing, loading, transforming, and calculating analysis-ready data.
Week 3	Machine Learning Professional	Building foundational machine learning skills and predictive models.
Week 4	Data Preparation Master	Mastering advanced data handling, cleaning, and automation techniques.
Week 5	Machine Learning Master	Learning advanced machine learning techniques and model tuning.
Week 6	Applications & Use Cases Master	Deploying and monitoring machine learning models in real-world scenarios.
Week 7	Platform Administration Master	Configuring and managing the RapidMiner AI Hub platform.

System Architecture & Expected Outcomes

System Architecture Layers

- ≡ **Business:** Problem identification.
- ≡ **Data Engineering:** Data transformations.
- ≡ **Modelling:** Foundational/advanced ML.
- ≡ **Data Preparation:** Automation & cleaning.
- ≡ **Application:** Deployment & monitoring.
- ≡ **Administration:** RapidMiner AI Hub ops.

Expected Outcomes Achieved

- ✓ Practical understanding of data engineering.
- ✓ Hands-on skills in building advanced ML models.
- ✓ Capability to perform data automation.
- ✓ Skill to deploy and monitor business use cases.
- ✓ Enterprise platform administration experience.
- ✓ **End-to-end data science lifecycle completion.**

Dear Shushant Tiwari,

🎉 Congratulations!

You have successfully completed **10 weeks Siemens Data Science Master** internship with EduSkills Foundation. Your certificate is ready – please log in to your profile and download it.

📌 Steps to Download Your Certificate:

1. Login at: <https://aicte-internship.eduskillsfoundation.org/>
2. Go to the **Certificate Section** from your sidebar
3. Click **Download Certificate**

Please post your certificate on your **LinkedIn profile** to get better job opportunities and visibility from corporates.

🌟 Why You Should Share Your Achievements on LinkedIn

- 1. World's Largest Professional Platform**
LinkedIn has 900+ million professionals and 60+ million companies worldwide.
- 2. Recruiters Actively Use LinkedIn**
Around 8 out of 10 recruiters use LinkedIn to find and verify candidates.
- 3. Profiles Are Checked Before Hiring**
More than 90% of hiring managers review LinkedIn profiles before shortlisting candidates.
- 4. Better Visibility for Freshers**
Students who post certificates, internships, and projects appear in recruiter searches more often.
- 5. Skill-Based Hiring is Growing**
Employers now focus more on skills, certifications, and practical experience.
- 6. Higher Chances of Job Opportunities**
Active LinkedIn profiles with achievements get more internship and job opportunities.

💡 **Tip:** Always share your certificates, tag EduSkills, mentors, and peers to increase visibility and professional networking.

📌 Please Tag the following on LinkedIn:

[@EduSkills Foundation](#) | [@AICTE](#) | [@AICTE NEAT](#) | [@Altair](#) | [@Shyama Rathod](#) | [@Chandrasekhar Buddha](#) | [@Ramesha BS](#) | [@Vishwanath Rao](#) | [@IILM University, Greater Noida](#)

📌 Hashtags:

#AICTEinternship #AICTE NEAT #AICTE #EduSkillsFoundation #AICTE_EduSkills_Internship
#EduSkillsInternship #Altair

🚀 Cohort 16 Registrations Open from 1st April 2026!

Continue your learning journey with EduSkills and explore 30+ new emerging technology domains designed for future careers.

Learn. Build Skills. Get Industry Ready.

Don't miss the chance to be part of India's largest industry internship and skill development ecosystem.

📌 Follow EduSkills for updates on Placements, Internships, Job Fairs & more:
